

Twilight Funerals

Celebrate the life of your loved one in intimate surroundings using alternative venues.

Plan a meaningful service that is a celebration and a true reflection of the life lived.

Make a tribute video or slide show filled with messages, pictures and memories.

Don't be restricted by time or day.

Release fireworks or bio-degradable balloons into the sky as guests recount a memory or say their goodbyes.

Enjoy the twilight celebration with candle lights and fireworks to mark your loved one's final journey.

Anything is possible
