*Memorial Brochure*

# Lawn Memorials

We have a long, distinguished and successful history in the provision of funerals and memorial services. This experience ensures that we are able to provide monument stones to cemeteries, crematoria and churchyards in a wide variety of styles at competitive prices.

We also offer a full range of ancillary services for the maintenance and restoration of memorials. This may include additional lettering or the cleaning of an existing feature.

All our work is carried out by skilled craftsmen who guarantee excellent results.

This brochure is a small example of the very wide range of memorials we can offer including bespoke “on-off” designs if necessary. If you can’t find a memorial you like within then please contact us so we can provide you with further examples.

Please note that we can also supply (where regulations permit) traditional full/kerb-set style memorials – if you require this style of memorial then please contact us for examples.
